## INSULAR LEGISLATION.

Senate Debating Laws Relative to the Philippines.

### A DAY OF SPEECHES.

Democrats Oppose the Proposed Amendment to the Army Appropriation Bill—The House Cuts Out Two Battleships

Washington, Feb. 26.—The struggle for insular legislation at this session began Monday in the senate. The army appropriation bill was under consideration and the Philippine amendment was reached. In addition the Cuban amendment was offered and the general debate on these propositions began. Sharp opposition to the Philippine amendment developed on the Democratic side beginning with a point of order which the senate overruled and followed with speeches by Senators Tillman, Rawlins, Caffery, Bacon and Morgan. The amendment was defended by its author, Mr. Spooner, who pointed out the necessity for legislation. Senators Vest, Bacon, Hoar and Rawlins offered amendments tending to limit the powers conferred by the Spooner amendment.

Senator Morgan made an extended speech severely criticizing the proposed legislation. An evening session was held to allow time to continue the debate.

Mr. Morgan spoke for two hours at the night session and said today he would take up the question of the right of congress to delegate or abdicate its powers, and after that would discuss the Cuban branch of the subject.

At 10:15 Mr. Pettus moved an adjournment, but on a ye and nay vote the motion was defeated. The senate's refusal to adjourn compelled Mr. Morgan to go on with his speech. As he resumed he referred with some feeling to the apparent effort to drag on this measure through, despite all the proprieties.

After an arduous and lengthy session, beginning at 11 o'clock in the morning, Mr. Morgan said the senate had determined to force an old man to go on with his speech and in effect had served him with notice that he must go on until he closed.

"But," he added, speaking with impressive deliberation, "I would rather leave this chamber a dead man than to leave it a coward. It would be a plain abandonment of duty," he said if he should skulk because of his age, or because of the lateness of the hour.

Mr. Spooner tried to gain recognition to ask Mr. Morgan as to his plans, but the venerable senator waved him off and caustically declined to yield.

At 11:20 p. m. Mr. Morgan yielded to Mr. Spooner for a motion to adjourn and the long session came to a close.

The house jettisoned the authorizations for two battleships and the cruisers which were in the naval appropriation bill as it passed that body. The senate had rejected the proposition and against the appeals of a big majority to agree to the senate amendment striking out the authorizations.

A partial conference report on the naval bill was agreed to and the bill went back to conference.

The house also agreed to the conference report on the bill to create a commission of five to adjudicate the claims of United States citizens against Spain assumed by the United States under the treaty of Paris.

**Hazing Amendment Slightly Amended.**  
Washington, Feb. 26.—The house conferees have agreed to the senate amendment to the provision of the military academy appropriation bill with slight modifications. The provision as agreed upon is as follows:

"The superintendent of the military academy shall make such rules as will be approved by the secretary of war as will effectively prevent the practice of hazing, and any cadet found guilty of participating in or encouraging or countenancing such practice shall be summarily expelled from the academy and will not thereafter be reappointed to a corps of cadets or be eligible for appointment as a commissioned officer in the army, navy or marine corps until two years after the graduation of the class of which he was a member."

**Two Resolutions Passed.**  
Washington, Feb. 26.—Soon after the senate convened this morning a bill to supplement existing law as to the disposition of public lands was passed. It provides for the division of the lands in Oklahoma into counties for the establishment of county seats, the erection of court houses and the appointment of temporary county officials.

The house joint resolution was adopted authorizing the importation free of duty of articles intended to be exhibited at the San Antonio International fair and the Texas State Fair and Dallas Exposition.

The resolution of Mr. Morgan declaring the Nicaragua Canal bill unfinished

business of the senate, was on his motion referred to committee on rules.

**To Extend National Bank Charters.**  
Washington, Feb. 26.—The senate committee on finance has authorized a favorable report upon the house bill extending for 20 years the charters of national banks.

**Frank Vanderslip Resigns.**  
Washington, Feb. 26.—Frank A. Vanderslip, assistant secretary of the treasury, has resigned.

**STUDENT DRIVEN OFF.**  
He Resented Hazing and Caused Several Students to Be Fined.

Baltimore, Feb. 26.—Henry Schurman, a freshman at the Maryland University, was driven from the grounds of the institution Monday by his fellow students who pelted him with eggs, dead cats, cabbages and any other missiles they could lay their hands on. This was the result of Schurman's resistance to hazing. The trouble began about a week ago when several of the students caught Schurman in the dissecting room of the college, bound and gagged him and shaved his moustache, it being a rule among sophomores that freshmen must be clean shaven.

Schurman, who is a married man, resented this treatment, and had his tormentors called before a magistrate who fined the chief offenders \$25 and costs. This the students made up by contribution and when Schurman appeared a class he was roughly treated a second time.

Again he appealed to the courts and two more students were fined, each being taxed \$10 and costs. Then the students burned the offending magistrate in effigy and Schurman decided to stay away from the university until the affair blew over. Monday he came back escorted by several policemen. The boys waited until he got inside the grounds and the guardians of the peace had left him and then the bombardment began. Schurman retreated in confusion. It is thought other arrests will follow.

**HANGED AND TORTURED.**  
Mob in New Jersey Undertake to Make a Man Confess Crime.

New York, Feb. 25.—An excited mob in Mattewan, N. J., hanged Charles Herbert, a resident of that place, in an effort to make him confess that he had started a fire which destroyed the business portion of the town on Jan. 27. Herbert protested his innocence. He was strung up a second time and when lowered again asserted that he was not guilty. This time the torture ceased and the man was taken back to jail.

Sunday night a dwelling occupied by Herbert's mother caught fire and when the flames were extinguished it was discovered that the stairway in the house had been soaked with kerosene. Suspicion pointed to Herbert and his arrest and torture followed.

**The Killing of Mrs. Hudson.**  
Leavenworth, Kas., Feb. 26.—The inquest over the killing of Mrs. Rose Hudson in the "joint" raid at Millville a week ago was held there and the coroner's jury returned a verdict that she came to her death from a gunshot wound from the hands of some person unknown to the jurors.

**New Jersey Saloon Smashed.**  
Millville, N. J., Feb. 26.—Mrs. Emma Hughes of this city created great excitement in South Millville Sunday night by emulating Mrs. Nation in smashing a saloon which her husband frequented. Armed with a hatchet she entered the place and smashed every bottle of beer, after which she took her husband by the arm and hustled him home. The temperance people indorse the action of Mrs. Hughes and a reform movement will be started.

**Three Boys Killed.**  
Bawaback, Minn., Feb. 26.—Three boys lost their lives in an accident at the Elba mine, six miles from here. Five boys were riding a car which is used in the shaft. One of them turned the switch the wrong way and the car descended rapidly from the top of the shaft house toward the shaft opening. Another boy realized the danger and pulled his brother off the car in time to save him. The three remaining boys were hurled to the bottom of the shaft, killing them instantly.

**Killed Her Son-in-Law.**  
Smith Center, Kas., Feb. 26.—The wife of John Campbell, one of the most prosperous farmers of this county, shot and killed Herbert Day, her son-in-law. Mr. Campbell ordered Day off his farm and he went out to the road but came back to the house. Mrs. Campbell told him not to come back to the house but he had reached the door when she shot. Day was married to Campbell's only daughter about a year ago, but they had not lived together for several months.

**Fire at Pittsburg.**  
Pittsburg, Tex., Feb. 26.—For the second time within three weeks Pittsburg has been visited by a disastrous fire. Early Monday morning fire was discovered in the 2-story brick on Quitman street, occupied C. A. Bailey as a cafe, with sleeping apartments upstairs. It originated in one of the rooms. Soon the entire central portion of the hand-

**No Trouble in Grimes County.**  
Navasota, Tex., Feb. 26.—There is no trouble in this county, and furthermore, the people of this city and county who read the account of troops en route for Grimes county to protect the government property were astounded to be informed of such a thing. Everything is quiet here, and there is not the least indication of trouble.

**Provincial Province Organized.**  
Guiguinto, P. I., Feb. 26.—The United States Philippine commission has arrived here from Manila and organized a provincial government for this province which, until recently, was controlled by insurgents.

The H. & T. C. railroad is unloading 80-pound steel rails at Hearne to be laid between that place and Corsicana, above which point heavy steel is already in use.

Texakana, DeKalb and New Boston, all located in Bowie county, are building cotton mills. Surely Bryan and Brazos county can get one mill, and that without any great delay.

The Governor very promptly sent the rangers on the trail of the prize fighters, Choynski and Johnson, who engaged in the white and black mill at Galveston Monday night. That sort of thing don't go in Texas any more.

Out in California they have a race horse which has evidently been studying interference as known in football tactics. In a race Monday he was disqualified for fouling another horse at the last jump of a dead heat.

Just to realize how fast the world is moving, it is in order to note that August Brassart, the silversmith who made the plate on which Daguerre made the first successful photograph, is living in St. Louis at the age of 81.

England's Prime Minister declares that the principles involved in the war against the Boers are the same as in the war against the American colonists. These wars, and in fact, all of England's modern wars have been actuated by the same principle—opposition to human liberty and the assertion of the divine rights of monarchs. But, as we are engaged in a precisely similar war, the less said about the matter the better.—Farm and Ranch.

### NAVASOTA SHV ELEVEN HUNDRED.

Navasota, Texas, Feb. 25.—Not long since there appeared in the Galveston News the census of the cities and towns in Texas of 2000 population and over. The returns showed that Navasota had 4957 people according to the figures. Today the census of 194 towns and cities were published and it only gave this city a population of 3857. Now, which is correct? The citizens here are anxious to be informed whether this town has 3857 or

4957. This is a difference of 1100 people.

The official report which has reached The News by mail gives Navasota 3857. The previous report referred to was wired from Washington and of course some of the figures were "bulled" in transmission. For that reason the News reprinted the list as received by mail. News.)

The last report published by the News gives Bryan a population of 3589, or 268 less than our neighbor.

### Reception at College Station.

Miss Edna Foster, sponsor of Company C, received last Friday evening in honor of her company. The hospitable residence of Col. and Mrs. L. L. Foster was thrown open upon this occasion and good cheer was liberally dispensed. The parlors were suitably decorated with ferns, smilax, exotic flowers, and hothouse plants in handsomely ornamented jardiniere abounded in profusion. The hours sped only too fleetly under the mellifluous influence of beautiful women and handsome youths.

The evening was devoted to music and conversation and an ingeniously devised game called "A Musical Romance," in which the guests were requested to answer with the title of some song such inquiries as "What was the name of the lover?" "Who was his sweetheart?" "In what country were they born?" etc., the romance beginning with the blissful period of courtship, continuing through marriage, the wedding itinerary, and finally terminating with—not divorce—but criticisms of the event. Punch was dispensed throughout the evening and at an appropriate hour daintily compounded salads, cheese straws, crackers, ices, confections and bonbons were served. Altogether, this was one of the most pleasant functions ever given at the Agricultural and Mechanical College.—Houston Post.

## LYNCHING IN INDIANA

A Mob Strings up a Negro Murderer at Terre Haute.

### TAKEN OUT OF JAIL.

Twice the Infuriated Crowd Was Repulsed from the Jail—Negro Confessed to the Brutal Murder of a White Girl.

Terre Haute, Ind., Feb. 26.—Miss Ida Finkelstein, the school teacher, who was robbed and shot by a negro late yesterday afternoon died at the hospital late last night. The police early this morning arrested the murderer, who proved to be George Ward, age 27, a car works laborer. He at first denied the charge but later made a full confession. He said the girl taunted him about his color and then slapped him in the face and in a fit of anger he shot her and then cut her throat. He had been in the insane asylum and was supposed to be demented. The knife with which he cut the girl's throat was found in his pocket.

About noon today a mob gathered at the jail intent upon lynching Ward and after being twice repulsed by deputy sheriffs armed with shot guns, who fired in the air, broke into the jail while the sheriff was at the court house. A rope was placed around the negro's neck and he was dragged to a wagon bridge across the Wabash river, three blocks away, and hanged to the draw bridge.

The mob used a large piece of timber for a battering ram and broke in the jail door and with clubs, guns and revolvers drove back the few deputies on duty.

On the way to the bridge the victim was beaten with sticks and shot at by members of the mob and he was unconscious when hanged and in all probability dead.

When the body was dropped from the bridge one strand of the rope broke and the leaders of the mob thinking their victim might drop into the river, hauled the body up again and it was dragged to the west side of the river and burned.

### Assaulted and Murdered.

Terre Haute, Ind., Feb. 26.—Ida Finkelstein, aged 20, a school teacher, while walking through a lonely strip of woods on her way home from the school house was assaulted by an unknown negro, who shot her in the back of the head and cut her throat. After the assault had been committed Miss Finkelstein ran for a half mile to a farm house with blood streaming from her wounds and fell unconscious on the doorsteps. Miss Finkelstein died at the Union hospital. Several suspects have been arrested and public feeling is aroused to a very high pitch.

### Another Indiana Negro in Danger.

Indianapolis, Feb. 26.—A negro who is thought to be the one who assaulted Miss Dorothy Darter in Irvington last Thursday, and for whom a large reward has been offered, is being held at New Castle, Ind. The police here have been notified and from the description are sure the negro is the one wanted. There is strong talk of lynching him at Irvington.

### Will Demand an Explanation.

Oporto, Feb. 26.—It is understood that the Brazilian government will demand an explanation from Portugal for the attempt to abduct the daughter of the Brazilian consul here and place her in a convent against the wishes of her father. A collision between police and students Monday evening resulting in numbers on both sides being injured. The police invaded the institute in pursuit of students and the professors protested to the government.

A dispatch received here from Rio de Janeiro says a mob at that place stoned the Portuguese representative on account of the incidents at Oporto.

### Educators Meet at Chicago.

Chicago, Feb. 26.—Prominent educators from all parts of the United States are here attending the annual convention of college and school superintendents of the new National Educational association. "Manual Training" was the chief subject discussed. There will be a contest between Atlanta and New Orleans for the next meeting. The place will not be decided on until Thursday.

### May Rescue the Bodies.

San Francisco, Feb. 26.—The Examiner says the position of the wrecked City of Rio de Janeiro has been located by sounding in 13 fathoms of water, a depth at which divers can work. It is not impossible for the bodies to be recovered if the wreck has been correctly located. About 190 bags of mail are in the sunken ship.

### King Edward's Coronation.

New York, Feb. 26.—It is a mistake, says the London correspondent of The Tribune, to assume that any large plans for the future coronations at the British court are under consideration. No decision has been reached respecting the date of King Edward's coronation and his wishes are not known in court circles.

### Can Make the Assessment.

New York, Feb. 26.—A decision has been rendered by the supreme court at Trenton in a case of the Fidelity Trust company against the city of Newark, sustaining an assessment for taxes by the city upon the capital stock and surplus of the company.

## THE NEXT PRESIDENT.

Gossip Brings Indians to the Front for Both Parties.

Washington, Feb. 26.—Mention of the name of Tom Johnson of Ohio in connection with the next Democratic nomination for the presidency has revived presidential gossip here, and just at present Indiana is receiving a great amount of attention from the prophets. Senator Charles W. Fairbanks has been much talked of as the Republican nominee and a goodly sized rumor credits him with having sufficient strength to land him safely in almost any party position he may seek. And as a companion piece to the Fairbanks gossip comes the story that Indiana is likely to be made the 1904 battleground through the nomination, by the Democrats, of Samuel E. Morss, the publisher of the Indianapolis Sentinel.

Already Indiana newspapers are gossiping about the possibility of two presidential candidates from the state. At the Kansas City convention last year as the Indiana member of the resolution committee, Mr. Morss fought the 16 to 1 proposition. But despite his opposition to the silver sentiment he supported the nominee and ticket, both personally and with his newspaper, and for this he is regarded by many Democrats as a happy medium between the silver men and the gold men who refused to support the ticket. Mr. Morss was consul general to Paris during President Cleveland's first and second terms. He is a man of culture, wide experience, a strong writer and an orator of more than ordinary ability. Aside from his foreign appointment he has never held a political office, and has refused nominations by his party many times.

Just now Mr. Morss is in Mexico or Central America and numerous attempts to secure from him an expression of opinion as to his possible presidential candidacy have failed, and his return to this country is awaited with more interest by the Indiana Democrats in congress and other political positions.

### INSANE MURDERESS.

She Escapes Her Watchers and Attempts the Life of a Woman.

Union Town, Wash. Feb. 26.—Mrs. Wuersler the insane murderess who killed her six children, escaped the vigilance of the guards Sunday night and went to the home of Peter Jacobs and broke a window, frightening the inmates and then visited the residence of Mr. Koester. All had retired but Mrs. Koester, who was sitting at a table writing a letter. Upon hearing a knock at the door Mrs. Koester asked who was there. The reply came: "Please let me in I want to tell you something."

Mrs. Koester unlocked the door and the insane visitor, clad only in her night dress, seized her with both hands. Mrs. Koester screamed and ran to the room where her husband was asleep. He sprang from the bed caught the intruder and called his brother. Together they led the poor woman back to her home. She escaped from her watchers by climbing out through the window. The jury's verdict was that the children came to their death at the hands of their mother. Upon preparing them for burial, finger marks were found on the throats of all, indicating that they had been strangled before being thrown in the well.

### LIVE STOCK ASSOCIATION.

There May Be Confusion and Opposition at Denver Convention.

Denver, Feb. 26.—There is much speculation in the livestock world as to the action which will be taken by the American Cattle Growers' association regarding the National Livestock association. It has been understood in some quarters that the association is to hold its first annual convention in Denver March 5, and will become a member of the older organization, but many claim that it will hold aloof and draw the cattlemen away from the Stock Growers' association. The executive committee of the Cattle Growers' association will meet in Denver March 4 to lay out the work for the convention.

The secretary of the American Cattle Growers' association has given out the statement that the present membership, which includes many of the most prominent cattle growers in the country from North Dakota to Arizona and from the Missouri river to the Pacific coast, represents cattle to the value of \$150,000,000.

### State Courts Upheld.

Washington, Feb. 26.—The United States supreme court has rendered an opinion in the case of New Orleans Debenture company of Louisiana vs. the state of Louisiana upholding the decision of the supreme court of Louisiana, which was adverse to the company. The state proceeding was based upon the ground that the business of the company was contrary to public policy. The case was appealed on the complaint from the state proceedings.

### Another Demented Woman.

Pittsburg, Feb. 26.—Mrs. Maggie Deithorn walked out on Twenty-Second street bridge early this morning with her two children, aged 2 and 4 years, and when in the center of the structure quickly picked up the little ones and threw them in the Monongahela river. Before she could follow she was arrested. Boats rescued one of the children, but the other was drowned. The woman is demented. She told the police the act was an inspiration from Heaven.

## Thousands of people die

Every year from indigestion and from the recent report of a prominent physician more than one-half of all indigestion is caused by the use of alum baking powder. Any doctor or chemist of any standing will tell you that alum is a corrosive poison and is insoluble; this being the case then any sensible person knows the continued use of alum baking powder will not only cause indigestion, but will poison the system. Beware of any Baking Powder sold at 25c per pound or less as they are sure to contain alum. To be sure of A PURE BAKING POWDER

A Caldwell special says: Late Sunday evening a negro came to the jail and demanded admission, and that he have protection from a mob which he said was after him. He said he had a fight with a negro in the Brazos Bottom Saturday evening and stabbed his antagonist to death in self-defense. He was admitted to jail and officers have gone to investigate the alleged killing. The darkey has the appearance of being crazy and may be laboring under a mental delusion.

Edwin Restell, who comes to the opera house Thursday night in the great drama, Richelieu, has devoted nearly eight years to the perfection of his version of the piece, and we are assured that he will give us a most excellent production. The costumes and effects have received special attention, and to those who love the classics this will indeed be the event of the season.

### Tribute to the Memory of Miss Maggie E. McDougald.

To the Presbyterian Sunday School of Bryan, Texas:

We, your committee, appointed to prepare a tribute to the memory of Miss Maggie E. McDougald respectfully submit the following:

Whereas, God in His inscrutable providence has seen fit to call from among us and take unto Himself that loving, faithful teacher and zealous worker in our Sunday School, Miss Maggie E. McDougald, the memory of whose beautiful and truly consecrated Christian life rests as a benediction upon each member of our school; and

Whereas, we desire as a body, to express our loving remembrance of her and her life among us; therefore be it

Resolved, (1) That though feeling that we cannot now understand this mysterious dispensation of God's providence we bow in humble submission to the will of Him, who doeth all things well, trusting in that promise "What I do thou knowest not now, but thou shall know hereafter."

2nd. We bear record of this noble, consecrated, Christian life, which moved amid the various scenes of life a heroic soul, strong in purpose, noble in its strife, touching the world at every stroke with redeeming influence.

3rd. We mourn her loss, we miss her familiar face, we attest her faithful, loving service and bear witness to her strong faith and noble, Christian character.

4th. We extend to the stricken family our warmest sympathy in this bereavement and pray that the God of all comfort may draw very near unto them in this dark hour, and shed upon them the light of His love and everlasting presence.

5th. We suggest that a copy hereof be sent to the bereaved family and that these resolutions also be copied in the minutes of our Sunday School. Respectfully submitted this the 3rd day of February, A. D. 1901.

M. N. CAVITT,  
ROBERT ARMSTRONG,  
MABEL BOARD,  
Committee.

Adopted by a rising vote Feb. 3rd, 1901.

### New Steam Laundry.

Mr. Albert Worley informs the Eagle reporter that he has ordered a complete outfit of the latest improved machinery to establish in Bryan a first-class steam laundry to occupy the same building now used by the American laundry. He expects to receive the machinery in a few days and will have the plant in operation as early as possible. Bryan has long been in need of a steam laundry plant, and the announcement that we are to have one will be received with general satisfaction. Mr. Worley says his plant will be known as the Bryan Steam Laundry and that he will turn out work to compare favorably with that of any city laundry in the state.

### FREE OF CHARGE.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at the Wilson-Jenkins Drug Co., will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person and none to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup, in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only Throat and Lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries. djan22-02

## NO HOPE FOR MINERS

It Is Believed That All Entombed  
Have Lost Their Lives.

### ONE MAN ESCAPED.

Fire Broke Out Cutting Off All Avenues  
of Escape and the Flames  
Drive Back the Rescuers.  
Fifty Men Imprisoned.

Kemmerer, Wyo., Feb. 26.—The situation at the Diamond mine at 9 o'clock this morning was unchanged. The loss of life is estimated by the superintendent at from 40 to 50 with no possible chance of rescue.

The fire in the mine began late Monday night. There was some 50 miners entombed. John Anderson, who was working near the mouth of the level, when he realized the mine was on fire, threw a heavy overcoat over his head and shoulders and with much difficulty pushed his way through the flames and reached the main lead completely exhausted and terribly burned, but will recover. He was taken out by friends.

All efforts to reach those entombed have failed, as the flames drove the rescuers back. That all have perished is without question.

Weeping mothers, wives and sweethearts are gathered around the mine. The loss of life will reach an enormous figure. The officials are very reticent about the figures and the names of those imprisoned are unobtainable.

The cause of the fire is at present unknown. The mine has been plugged at the sixth level about two miles from the mouth.

### TEXAS LEGISLATURE.

Another Railroad Measure of Importance  
Passed to Enactment.

Austin, Feb. 26.—The house had but a narrow margin over a quorum yesterday morning, and the bill amending the law in relation to leasing short lines of railroad had a rather rocky time. The law at present authorizes lines not exceeding 30 miles in length connecting at the state line with lines outside the state to be leased for a period not exceeding 10 years to such out-of-state lines, subject to the approval of the railroad commission. The bill under consideration extends the limit to 115 miles. Several railroad companies which are desirous of building into Texas are interested in the measure.

The bill passed to engrossment and a motion to reconsider the vote was tabled.

The house in the afternoon passed several local bills, among them the engrossment of Mr. Thurmond's drainage bill and the bill granting the city of Sherman a new charter.

### Presidential Nominations.

Washington, Feb. 26.—The president sent the following nominations to the senate: John H. Fesler of Colorado, to be consul at Amoy, China; Captain William Crozier, ordnance department, to be professor of natural and experimental philosophy at the military academy at West Point.

### Killing at Groveton.

Groveton, Tex., Feb. 26.—G. W. Washburn was shot and killed here Saturday night. Before dying he stated who the men were who did the killing. The men were arrested, and awaiting trial gave bond. G. W. Washburn had a case pending against him for the killing of A. M. Stevenson about a year ago.

### Suicide at Fort Worth.

Fort Worth, Tex., Feb. 26.—Mrs. C. W. Smith, aged 35, the wife of a passenger conductor on the Texas and Pacific, took six grains of strychnine Monday and died. She bought the poison to kill rats and mice, but swallowed it herself. Ill health the cause.

### Nicaragua Canal Negotiations.

London, Feb. 26.—Nicaraguan canal negotiations have been or are on the point of being entirely transferred to Washington, as Ambassador Choate is not empowered to deal with the suggestions of the British government.

### Gathering Labor Statistics.

San Antonio, Feb. 26.—Special Agent Seneca B. Bain of the United States department of labor is in this city for the purpose of gathering statistics relating to the labor troubles here from July 1894 to December last.

### Fatal Shooting Affair.

Helena, Ark., Feb. 26.—Theodore Otson, a wealthy manufacturer of staves, operating for the last several years in the lower end of this county, was shot and killed by Bailey Judge, a young man in his employ.

### American Corn in Canada.

Ottawa, Ont., Feb. 26.—John Johnson, member of parliament for Caldwell, has given notice of a resolution that placing of American corn upon the free list has proven prejudicial to the agricultural interests of the country.

### Will Prosecute Prizefighters.

Galveston, Feb. 26.—Prizefighters Joe Choyinski and Jack Johnson are still in jail in default of \$5000 bonds. The governor is proceeding to prosecute all parties concerned to the full extent of law.

### Thirty Persons Injured.

Toledo, Feb. 26.—Thirty persons are reported injured today, in a wreck on the Wabash road at Millersburg, Ind. The train was derailed by a broken rail.

## TROUBLE WITH CUBANS.

They Will Demand That the Island Be  
Turned Over to Them.

New York, Feb. 26.—According to a Havana dispatch to The World, Cubans regard their constitution as in effect since the day it was signed. The convention by the end of the week will promulgate election laws and within 90 days thereafter elections will be held and Cuba will demand that the United States turn over all government property to the officers elected. The United States cannot prevent the progress of the programme except on peremptory orders to stop, which orders will be accepted as a notice that the pledge of the United States has been repudiated. In this event serious trouble can scarcely be avoided.

### No Actions on Relations.

Havana, Feb. 26.—The Cuban constitutional convention met in executive session Monday afternoon and discussed the question of the future relations between Cuba and the United States. It was evident that the delegates were deeply impressed with the recommendations of the United States committee on relations with Cuba, cabled from Washington. When Senator Nye was asked his opinion, he replied: "That settles it. If the United States government insists upon naval stations, I have nothing to say."

The report of the special committee on relations declared that any scheme of relations accepted by the convention could not bind the future republic and must be approved by the Cuban congress. The members of the committee were unanimous on this point. The report was rather in the nature of suggestions, showing no substantial variation from the forecast already cabled.

### MAY BE TEXAS TROOPS.

One Theory of the Finding of Twenty-Six Skeletons in a Cave.

Bandera, Tex., Feb. 26.—The recent discovery of the skeletons of 26 men in a cave in the Chisos mountains about 75 miles southeast of Alpine, Tex., has aroused much interest among the frontiersmen of this section. It is asserted by Charles Montague, a well known pioneer citizen of Bandera, that the skeletons must be those of a band of Texas soldiers who were massacred by the Indians in that locality in 1861. These soldiers belonged to Mr. Montague's company and he is very familiar with the tragic event. He says that Company C, Second Texas regiment of volunteer riflemen, was stationed at Fort Davis in 1861 under the command of Captain W. C. Adams and that during the latter part of August or September in that year Lieutenant Mays was sent after a band of Indians and that they were all massacred after severe fighting. He says it is possible that those 26 bodies found in that cave are those of Lieutenant Mays and his 14 men, the other 11 skeletons probably being those of Indians who were also killed in that desperate battle.

### Rockhill Takes Conger's Place.

Pekin, Feb. 26.—Minister Conger has turned over the affairs of the United States legation to W. W. Rockhill, particularly the conduct of the negotiations with the Chinese plenipotentiaries, and he will shortly return to the United States for a six months' vacation.

### Intimates Conger Was Recalled.

London, Feb. 26.—Pall Mall Gazette's correspondent at Pekin telegraphing under date of Monday says that United States Minister Conger's recall, which is practically a rebuff, is very generally regretted. It is feared his uncompromising attitude will be exchanged for a policy unnecessarily benevolent.

Monday's meeting of ministers was concerned in drawing up a list of provincial officials implicated in the boxer movement, whose punishment it is intended to demand. Remaining clauses of demands of the powers will take six months to settle.

### Back Pay for Senators.

Washington, Feb. 26.—Senator Chandler has reported favorably from the senate committee on privileges and elections a resolution to pay Hiram R. Revels a United States senator from Mississippi 30 years ago, \$1847 in salary and Joseph C. Abbott, a United States senator from North Carolina, 32 years ago, \$6543 in salary. They came in during reconstruction days to fill vacancies and were paid from the time they took their seats. The resolutions give them pay for the full term.

### Tennessee Farmers in Duel.

Middlesboro, Ky., Feb. 26.—A free for all fight in Hancock county, Tennessee, between Thomas Holdman and his sons on one side and John Tye and his boys on the other, resulted in the death of Thomas Holman and Willis Tye. They were neighboring farmers and fell out over a question in which their farms were involved. They got their sons together and fought a pitched battle.

### Execution of Tom Ketchum.

Santa Fe, N. M., Feb. 26.—The date for the execution of Tom Ketchum better known as "Black Jack" whose band of outlaws terrorized this territory for a long time, has been fixed for March 22. Although accused of several murders and other felonies, Ketchum was only tried for the robbery of a train near Folsom, N. M., the penalty for which, in this territory, is death.

### Child Fatally Burned.

Paris, Tex., Feb. 26.—The 3-year-old son of a cotton picker named McKinley in the northwest portion of the county, near Direct, was fatally burned Saturday. The child's clothing caught on fire while warming in front of an open stove. He died the following day.

## FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

**WINE OF CARDUI**

Clarkson, Ark., July 20, 1899.  
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
